

MT-PRO+ PORTABLE GRAIN MOISTURE TESTER

agraTronix™

1-800-821-9542
www.AgraTronix.com

NEW

Part No. 05100
Carrying Case - Part No. 06053
Replacement Cap - Part No. 06061

**Convenient
Clamshell
Packaging**

**Carrying Case
With Strap
Included**

FEATURES

- Direct readout for 40 different grain scales
- High frequency capacitive circuit with accurate temperature compensation circuit
- Illuminated, multilingual display - English, French, German, Italian, Portuguese, Spanish and Swedish
- Protective carrying case with shoulder strap included

THE MT-PRO+ ADVANTAGE

- Automatically averages selectable number of tests
- Stores average calibration for all grains tested
- Direct readout for above limit and below limit values
- USB port for personalization (adding user name), grain scale, firmware and diagnostic updates
- Fewer push-buttons with standard interface configuration (up, down, left, right, enter)
- 2.5 in. LCD with selectable large or standard fonts, displays active function and allows user to scroll up/down through the numbered grain scales
- **Industry first** - Backlit push-button interface for low light conditions
- **Battery power indicator** - warning at power up when battery is below 15% capacity
- **Battery saver** - user selectable shut-down time

SPECIFICATIONS

Moisture Range	5% - 40% depending on grain tested
Temperature Range	32° - 113° F (0° - 45° C)
Repeatability & Accuracy	±0.5% in normal moisture range for stored grain
Display Resolution	0.1% moisture
Battery	Two 9V batteries required
