

ISO Implement Kits

Raven RCM

117-7100-017

KIT, RCM, NH3, 6 SECTION

RCM Level 0

- NH3 Applicator
- Kit contents: RCM (Level 0), ECU harness, product harness with product connections for up to 6 section on/off valves, IBIC harness, footswitch/harness, magnet mount, pressure transducer, vapor sensor (temperature transmitter)

117-7100-023

KIT, RCM, DRY FERTILIZER SPREADER

RCM Level 0

- Spreader/spinner
- Kit contents: RCM (Level 0), ECU harness with product connections, IBIC harness, footswitch/harness, magnet mount, encoder, RPM sensor

117-7100-024

KIT, RCM, RETROFIT, RCM TO DEERE GRC HARNESSING

RCM Level 0

- Convert your Deere GRC to full ISO compliance with this simple controller swap.
- Kit contents: RCM (Level 0), ECU harness with 37 pin connection
