

# Fertilizer Bar Parts from Brokaw

Equip your toolbar with just about any knife you need for your specific application—  
with over 300 individual part numbers for finished knives, we can customize your toolbar:

## Standard & Custom knives available with these options:

- Sealers—“beavertails” for tough sealing conditions
- Additional tube and shank protection for strip till applicators
- Knives for multiple product application, to include

- NH3
- Liquid
- Dry
- Micro Tube

Any knife can be equipped with Cooler (vapor) tubes

### ALL knives feature:

- 5160 chromium-manganese shanks—tough, hard to break
- 26% chrome carbide wear surfaces for long life
- Robotic welding for consistent durability and toughness
- Open-end or drilled tubes, any size, any configuration

## DF-1PM “mole” series. All Knives are Available with Drilled or Open-End Tubes

½ X 2-1/2 X 16” tall, hole-and-slot shank

Parabolic “front-swept” design, casting designed for light tillage and self-sealing

DF-1PM (DF-1PM/0)	Standard knife with 3/8” drilled NH3 tube (open-end)
DF-1PM/1/2A	Knife with 1/2” drilled NH3 tube
DF-1PM/3/4DA	Knife with 3/8” drilled NH3 tube and ¾” vapor (cooler) tube
DF-1PM/DA	Knife with 3/8” NH3 and 3/8” open end tubes
DF-1PM/112DA	Knife with 3/8” drilled NH3 tube and 1-1/2” dry tube

## K-2T series. All Knives are Available with Drilled or Open-End Tubes

½ X 2-1/2 X 15” tall, hole-and-slot in the shank to fit all brands of toolbars

Upright design for all conventional applicators

K-2T (K-2T/0)	Standard knife with 3/8” drilled NH3 tube (open-end)
K-2T/PLSPL	Knife with 3/8” drilled NH3 tube and sealer “beavertail”
K-2T/3/4DA	Knife with 3/8” drilled NH3 tube and ¾” vapor (cooler) tube
K-2T/3/4DA/PLSPL	Knife with 3/8” NH3, ¾” vapor and sealer

## K-4TS “SLIM” series

3/8 X 2-1/2 X 15-3/4” tall, triple-hole shank

Parabolic “slim” design for minimum soil disturbance, great for No-Till work

K-4TS	Knife with 3/8” drilled NH3 tube	K-4TSDf
K-4TS/DA	Knife with 3/8” NH3 and 3/8” open-end tubes	K-4TSDf/DA
K-4TS/3/4DA	Knife with 3/8” NH3 and ¾” vapor (cooler) tubes	K-4TSDf/3/4DA
K-4TS/PLSPL	Knife with 3/8” drilled NH3 tube and sealer “beavertail”	

## New for 2013 The Shrew!

Same Shank Platform  
as K-4TS, with  
“Mole Foot”

### CPK-1E series

Designed for all modern chisel plows

CPK-1E Chisel knife with 3/8" NH3 tube and trash guard

CPK-1E/3/4DA NH3 and 3/4" vapor tubes and trash guard

# Ask For a Complete Knife Catalog!

Over 300 individual part numbers available! Just about any application, to include: NH3 • Liquid • Dry • Micro Tube

**K-2T/PLSPL**  
Knife with Sealer

**DF-1PM/3/4DA**  
Knife with Vapor Tube

**DF-1PM/112DA**  
Knife With Dry Fertilizer Tube

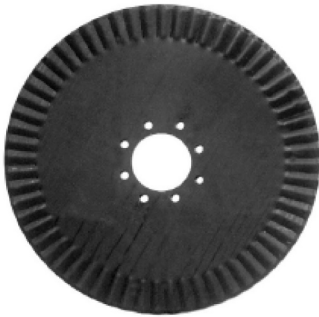

**K-2T/3/4DA**  
Knife with Vapor Tube

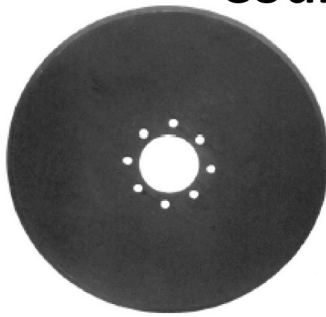

**CPK-1E/3/4DA**  
Chisel Plow Knife with Vapor Tube

## Coulter Blades

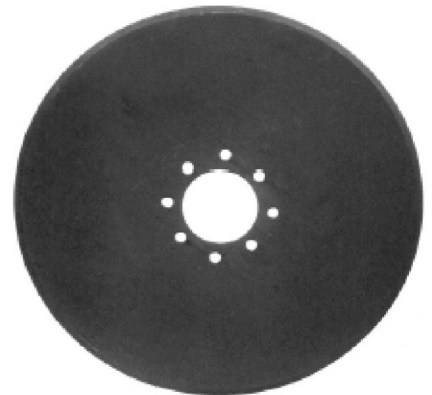

**20FL-COMBO**  
20" FLUTED

**20PL-COMBO**  
20" SMOOTH

**20FLC-COMBO**  
20" FLUTED, SMOOTH EDGE

**24PL-COMBO**  
24" SMOOTH

All blades are high-quality boron steel & "combo" punched to fit most fertilizer applicator hubs

## SHANKS

**KSC-1298**  
1 X 2  
DMI & Others

**KSC-1299**  
1-1/4 X 2  
HEAVY DUTY

**KSC-1295**  
1X2 FOR BLUJET  
AND OTHERS

**KSC-95**  
1-1/4 COIL SHANK  
BLUJET & TITAN

All shanks are highest quality 5160, Heat-Treated & Tempered for maximum toughness
